

Thursday the 26th November marked the end of the academic year for the Forecasting interns of 2020. It has been a very different year, difficult in some parts, challenging for the most part but also a successful year for the students and trainers alike. In light of social distancing and COVID-19 restrictions, a small graduation ceremony was held in the auditorium at the Eco Park Head Office on the 26th November, to acknowledge the hard work and dedication shown by the students during 2020 and to celebrate their achievements. The ceremony was attended online by family and friends, who could enjoy the occasion along with the students. As part of the send-off, Dr. Mphepya conveyed a special word of congratulations to the students and thanked them and their families for their dedication.

The 11 students who have successfully passed the forecasting course are: Bohlale Kekana, Noni Maduna, Boitumelo Makobe, Lungile Makondo, Nkosinathi Masango, Mulalo Maphugwi, Ishmael Moyo, Eric Randall, Tshifhiwa Ravele, Katekile Shivambu, Paulemari Van Aarde. We at the RTC wish each student the best of luck as they embark on their careers.

Dr. Winifred Jordaan (Head of the RTC) with Mulalo Maphugwi

Forecasting students (from left to right): Noni Maduna, Tshifhiwa Ravele, Mulalo Maphugwi, Ishmael Moyo, Katekile Shivambu, Eric Randall, Bohlala Kekana, Lungile Makondo
